All 7th-12th Grade Students: Students in 7th-12th grade may drink water in their classroom – and on warm days this is important. However, they may only have water in **clear, plastic water bottles with the snap close top. Each student should bring a water bottle with his/her name written on it with permanent marker.** Because FCS no longer has drinking fountains, but rather water stations to insure sanitation, it is vital that students bring their water bottle each day – otherwise, students will be sent to the office to purchase a water bottle.
